

Milaca Building Center Features Baas Construction in their Contractor Spotlight

Looking for a quality contractor in Minnesota – Visit Milaca Building Center Today!

Milaca, Mn., November 5, 2009 – Milaca Building Center is now using their newly upgraded website to showcase their loyal contractor customer base with their Monthly Contractor Spotlight. The website allows each contractor their own individual webpage to display their contact information, list their unique skills specialties and showcase three of their projects. This month's contractor to be featured is Baas Construction.

About Baas Construction:

Baas Construction has been in business for 28 years. We specialize in residential; new homes, additions and remodeling and also light commercial construction.

We are proud of our commitment to excellence in quality workmanship, personal attention to our customers and of our fairness and integrity.
